Dear Commissioner Atterholt:

Thank you for taking the time out with myself and the staff from the Indiana State Medical Association. I really appreciate the time and efforts you and the department of insurance members have made on the issues we discussed. I look forward to working with you and the members of the department of insurance to work towards resolving these issues. Rest assured as I travel around the state at the different ISMA district meetings I will make sure that the physicians that I talk to know of your efforts and concern on behalf of the patients of Indiana.

If I can be of assistance on this or any other matter, please don't hesitate to call. My e-mail address is dwelsh@etczone.com. My cell phone is 812-212-1205.

Have a great day!

Sincerely,
