Revalidation of Medicare Provider Enrollment Information

Section 6401(a) of the Affordable Care Act established the requirement for providers and suppliers to revalidate their Medicare enrollment information under new enrollment screening criteria.

This requirement applies to providers and suppliers enrolled in Medicare prior to March 25, 2011. Providers and suppliers who submitted their Medicare enrollment on or after March 25, 2011 are not impacted.

Medicare Contractors will send out revalidation notices to the providers and suppliers by March 2015. Providers and suppliers **must wait to submit revalidation** until after they are asked to do so by their Medicare Contractors.

Get easy access to the revalidation process by scanning the Quick Response (QR) code with your smartphone or visit: http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/downloads//SE1126.pdf

Internet-based Provider Enrollment, Chain and Ownership System (PECOS)

Submit your Medicare Enrollment Application Using Internet-based PECOS
Do you need to enroll in the Medicare program? Change or add a practice location? Or revalidate? PECOS is the fastest, easiest way to enroll in the Medicare program or update your Medicare enrollment record.

Customer Satisfaction Survey

WPS Medicare strives to continue to improve our website to meet our providers' needs. We use the ForeSee Customer Satisfaction Survey as a primary means to gather your feedback and input and gauge your satisfaction with our website. Please take time to complete the Website Satisfaction Survey that pops up when visiting the WPS Medicare website.

Medicare Quarterly Provider Compliance Newsletter

The Medicare Learning Network® (MLN) Products Provider Compliance page contains educational products that inform Medicare Fee-For-Service (FFS) providers about how to avoid common billing errors and other improper activities when dealing with the Medicare Program. Since 1996, the Centers for Medicare & Medicaid Services (CMS) have implemented several initiatives to prevent improper payments before a claim is processed and to identify and recoup improper payments after the claim is processed. The overall goal of CMS' claim review programs is to reduce payment error by identifying and addressing billing errors concerning coverage and coding made by providers.

CMS Fraud Prevention Training Modules for Providers

To help assist CMS in their efforts to prevent fraud and abuse, CMS created two fraud prevention training modules. Each module provides key information to health care practitioners and professionals on how they can be part of CMS' efforts to fight fraud and abuse.

The first module presents CMS' provider-focused fraud awareness and prevention initiatives that informs providers about how they can reduce the risk of fraud and abuse for their practices and patients. This module is located at: *http://www.medscape.org/viewarticle/764496*

The second module describes recent and on-going strategies that CMS has undertaken to detect and to prevent fraud and abuse in the Medicare and Medicaid programs. The goal of this module is to increase awareness amongst providers about the strategies CMS has undertaken to detect and to prevent fraud and abuse in the Medicare and Medicaid programs. This module is located: *http://www.medscape.org/viewarticle/764791*

A total of 1.25 hours of continuing medical education (CME) credit can be earned for any Medscape user registered as a doctor or health care professional. Medscape accounts are free, and users do not have to be health care professionals to register for them. Registration is on the landing page of www.medscape.com.

Instructions for how to access these modules are as follows:

Step 1: Access the website: www.medscape.org. Medscape accounts are free of charge.

Step 2: Registration is on the upper right hand corner of the home page of www.medscape.org next to the log in field.

Step 3: To access the modules, first enter your membership log in information.

Step 4: To view the "Reducing Medicare and Medicaid Fraud and Abuse: Protecting Practices and Patients" module, use this link: http://www.medscape.org/viewarticle/764496

Step 5: To view the "How CMS Is Fighting Fraud: Major Program Integrity Initiatives" module, use this link: http://www.medscape.org/viewarticle/764791

Medicare Incentive Programs

Incentive payments are available to eligible professionals who meet the eligibility and reporting requirements for each program. Eligible professionals may choose to participate in three payment incentive programs.

1. **Physician Quality Reporting System** – Medicare eligible professionals who satisfactory report data on quality measures for covered professional services furnished to Medicare beneficiaries.

Find more information on the Physician Quality Reporting System program on the CMS website: http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/PQRS/index.html

2. **Electronic Prescribing (eRX)** – Medicare Eligible Professionals (EPs) who are successful electronic prescribers. An incentive program separate from and in addition to the Physician Quality Reporting System program.

   Find more information on the eRX Incentive Program on the CMS website:
   http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ERxIncentive/Educational_Resources.html

   Negative Payment Adjustment

   The Medicare Improvements for Patients and Providers Act of 2008 requires CMS to apply a negative payment adjustment to any Eligible Professional (EP) who is not a successful e-prescriber under the eRx Incentive Program.

   Effective January 1, 2012, EPs who are not successful electronic prescribers are subject to a negative payment adjustment. An EP receiving the negative payment adjustment would be paid 1% less than the Medicare Physicians Fee Schedule (MPFS) amount for that service. In 2013, the negative payment adjustment increases to 1.5% and in 2014 the negative payment adjustment is 2%.

   CMS Quick Reference Guide for the 2012 eRx Payment Adjustment:
   http://www.cms.gov/Medicare/Quality-Initiatives-Patient-Assessment-Instruments/ERxIncentive/downloads/QRGuide_understanding_2012eRxPayAdj_F01-09-2012_508.pdf

   Posting the Limiting Charge after applying the e-Prescribing (eRx) Negative Adjustment.
   The hard copy disclosure report will explain the eRx reduced limiting charge by providing the following message: *"Limiting charge reduced based on status as an unsuccessful e-prescriber per the Electronic Prescribing (eRx) incentive Program."*

   MLN Matters Article (MM7877): Posting the limiting Charge after applying the e-Prescribing (eRx) Negative Adjustment:
   http://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/Downloads/mm7877.pdf

3. **Electronic Health Records (EHR)** – Medicare eligible professionals, hospitals, and critical access hospitals for the "meaningful use" of certified EHR technology. Medicare eligible professionals may not earn incentives under the eRX and Electronic Health Records incentive programs at the same time.

Find more information on the EHR Incentive Program on the CMS website:
http://www.cms.gov/Regulations-and-Guidance/Legislation/EHRIncentivePrograms/index.html

Quality and Resource Use Reports (QRUR)

QRUR reports provide confidential information about the quality of care providers furnish, the resources they use to care for their Medicare-fee-for-service patients and provide comparative information so physicians can see their quality of care compared to physicians / practices in similar specialties.

The Program Year 2011 (PY2011) QRURs were available from late December 2012 - April 2013 to physicians practicing within a group of 25 or more eligible professionals within the nine states of California, Iowa, Illinois, Kansas, Michigan, Minnesota, Missouri, Nebraska and Wisconsin. The 2011 reports are no longer available.

In mid-September 2013, CMS will make available the PY 2012 QRURs for groups nationally that consist of 25 or more eligible professionals. The implementation of the Value Based Modifier in 2015, will be based on a 2013 performance period and will impact medical practice groups rather than individual physicians. QRURs for individual physicians will not be produced in 2013.

Information regarding the QRUR, value-based modifier and the Physician Feedback Program can be found on the Physician Feedback Program page of the CMS website at: http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/index.html

Email questions about the physician feedback program to QRUR@cms.hhs.gov

CMS National Physician Payment Transparency Program: Open Payments Training Module for Providers

CMS has produced a training module called "Are You Ready for the National Physician Payment Transparency Program?" Accessible via Medscape (http://www.medscape.org/viewarticle/780900?src=cmsaca), and accredited by the Accreditation Council for Continuing Medical Education, physicians can receive a maximum of 1.00 AMA PRA Category 1 Credit by participating in the activity and receiving a minimum score of 70% on the post-test. Through the activity, participants will learn more about OPEN PAYMENTS, the steps involved in collecting and reporting physician data, key dates for implementation, and actions they can take to verify their information in advance of website publication.

The module features Dr. Peter Budetti, Deputy Administrator and Director of the Center for Program Integrity and Dr. Shantanu Agrawal, Medical Director of the Center for Program Integrity and Director of the Data Sharing and Partnership Group.

Medscape accounts are free and users do not have to be health care professionals to register. Registration is on the landing page of http://www.medscape.com

Advance Beneficiary Notice of Noncoverage (ABN), FORM- R-131 Updates

Home Health Agency (HHA): As of December 9, 2013, Home Health Agencies (HHA) are required to use the Advance Beneficiary Notice of Noncoverage (ABN) CMS Form CMS-R-131 in certain situations. The Home Health Advance Beneficiary Notice of Noncoverage (HHABN) CMS Form CMS-R-296 will no longer be recognized for option 1. The CMS Internet-Only

Manual (IOM) Publication 100-04, Chapter 30, Section 50.15.4 gives examples of when an ABN is required and how to complete it for HHAs.

Outpatient Therapy Services:

The American Taxpayer Relief Act (ATRA) provides liability protection for the beneficiary; therefore, providers will be required to give patients an ABN when services are over the Medicare Therapy Cap. CMS suggests using language similar to:

"You have met your physical therapy goals, and physical therapy is no longer medically necessary. Medicare doesn't pay for physical therapy services that aren't medically reasonable and necessary."

CMS doesn't require an ABN if the therapy service is medically necessary. In such a case, the provider should continue to append the KX modifier on claims submitted.

The CMS Internet-Only Manual (IOM) Publication 100-04, Chapter 30, Section 50.15.5 provides clarification on the use of the ABN for outpatient therapy services.

To find more information on using the ABN form, visit the CMS website:
