

Have a controlled substance registration? You must register with INSPECT by Jan. 1!

WHAT: A new state law requires holders of a controlled substance registration (CSR) to register with INSPECT, Indiana's prescription drug monitoring program.

Failure to register is a Class A misdemeanor.

WHEN: By Tuesday, Jan. 1, 2019.

WHO: All Indiana CSR holders.

WHERE: Information about registering for INSPECT can be found online at www.in.gov/pla/inspect.

HOW: Before you begin the registration process, you will need to have the following information ready:

- Individual email address (to which only the practitioner has access)
- CSR #
- DEA #
- Medical license #
- Driver's license #

WHY: CSR holders are required to query patients' INSPECT history each time they prescribe or dispense an opioid or benzodiazepine.

Failure to perform the required queries is a Class A misdemeanor.

The query requirements take effect in various settings on the following dates.

- **Now: Facilities with INSPECT-integrated EHRs**
- **Jan. 1, 2019: Hospital emergency departments and pain-management clinics**
- **Jan. 1, 2020: Hospitals**
- **Jan. 1, 2021: All remaining CSR holders.**
