If you are an Indiana-based, small-practice* clinician who participates in Medicare, Purdue Healthcare Advisors (PHA) can empower your practice to navigate complex MACRA legislation through the **Quality Payment Program Resource Center® for the Midwest**. We have

knowledge and expertise in practice transformation, legislation, resources and technology to help you understand what is required for MACRA and why. We're here to support you on the front lines as you plan for, implement and measure your transition to patient-focused care.

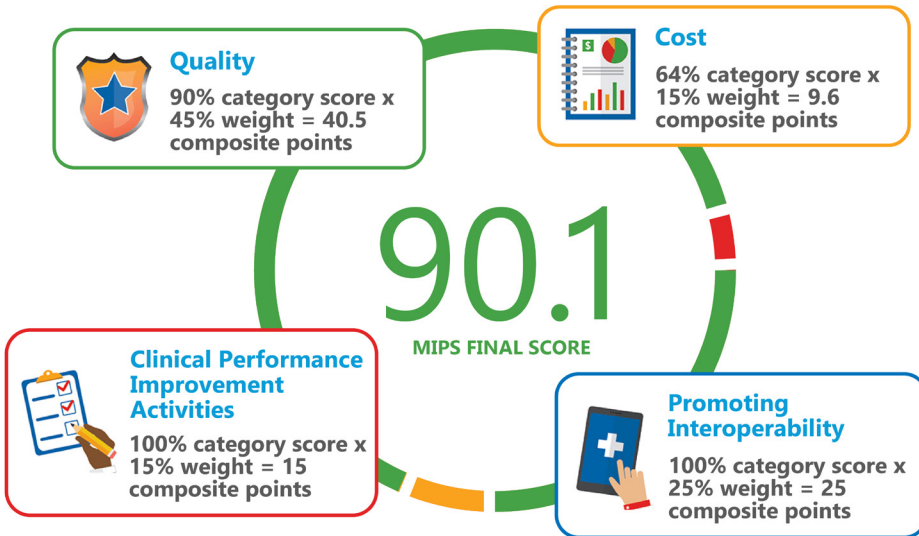

Avoid the 2019 penalty

Interact with QPP experts via email or phone support

Predict your MIPS score, identify improvement areas, and compare your practice to peers with *MIPScast*®

Learn alongside your small-practice peers

Assess your current state of MIPS readiness or the potential impact of belonging to an APM

**The QPP Resource Center® is focused on supporting providers in small practices, and rural or underserved areas.*
