

Indiana State Department of Health

The Indiana State Department of Health (ISDH) invites you to participate in a webcast for healthcare providers regarding the 2019 novel coronavirus (COVID-19) outbreak. Please see the webcast details below. The webcast will be recorded and available for viewing at your convenience.

What: ISDH webcast briefing on 2019 novel coronavirus (COVID-19) to provide an update on Indiana response

Who: Dr. Lindsay Weaver, M.D, FACEP
ISDH Chief Medical Officer

When: Noon every Friday

Important instructions

To view ISDH webcasts, please test your access to view streaming videos prior to the event. Please use the following link, and to avoid compatibility issues, **Internet Explorer must be used:** <http://videocenter.isdh.in.gov/videos/>.

To test, simply “click” on any of the thumbnails. The video should play, but your network administrators may have restrictions that prevent you from watching streaming content. If you experience problems with accessibility, please contact your network administrator to request access. Also, please be aware that WiFi connectivity should be avoided given variable connection speeds and the risk of buffering problems.

At the appointed date and time, the webcast will be available via the **Live Video** options at the top and right side of the webpage. A chat box will be enabled and is located just below the video. To post a comment or question you will be prompted to first enter your name. After providing this information the field will be enabled.

Recording

Those who are unable to participate in the live webcast may view a recording on the ISDH Video Center here: <http://videocenter.isdh.in.gov/videos/> (Internet Explorer only).

Kris Box, MD, FACOG
State Health Commissioner
